Arusha

Welcome to the start of your safari and welcome to Tanzania! You've chosen a fantastic place for your safari journey and we'll get you started with an introductory briefing before we head out to begin the trip you've been dreaming of.

Spend some time in Arusha, both the gateway city for most safaris in northern Tanzania and a fascinating place to explore. Enjoy good restaurants, streets filled with energy and so many snapshots of vibrant Tanzanian city life. It's everything you look for in an urban pit stop.

Accommodation | Day 1

Gran Melia Arusha

The best rooms at Gran Melia Arusha look out towards Mt Meru, one of northern Tanzania's most beautiful mountains. Enjoy rooms of the highest quality, with modern decor, and a good onsite restaurant. The spa and wellness center are ideal for some relaxation while you take a break from safari life. You're also close to the center of Arusha.

Lake Manyara National Park

Lake Manyara is one of the most underestimated national parks in Tanzania's northern safari circuit. Everything you'll see here is on a different scale, at once compact (this is one of the narrowest parks in Africa) and epic (the Rift Valley escarpment towers over Lake Manyara's western boundary). You'll see plenty of baboons and elephants in the park's thick evergreen forest, and watch for the tree-climbing lions that have become famous throughout Africa. Thanks to the proximity of lake, forest and rock walls, the birdlife will also tease out your inner birder – don't forget your binoculars.

Accommodation | Day 2

Lake Manyara Kilimamoja Lodge

Just outside Lake Manyara National Park

Look out over the vast horizons of Africa from Lake Manyara Kilimamoja Lodge, high on the cliffs of the Rift Valley escarpment. The lovely rooms, the swimming pool and many of the public areas take full advantage of the views, and there's a garden and gym to enjoy as well. You're close to Lake Manyara National Park but in a wonderfully quiet location.

Serengeti National Park

You won't find many better national parks in Africa than the Serengeti, which has few rivals when it comes to both the numbers and variety of animals. Track down the annual migration of wildebeest and zebra. Enjoy the vast horizons that are perfect for spotting predators (especially lions, leopards, cheetahs and spotted hyenas) and their prey (buffaloes, impalas and kongoni), as well as elephants and giraffes. If you're really lucky you'll see a hunt, one of the most exhilarating sights anywhere in the wild. And at every turn, revel in its beauty, with flat-topped acacia trees silhouetted against the setting sun, and so many other classic African safari images.

Wherever you go in Tarangire National Park, you'll come across the park's famous and larger-than-life baobab trees and elephants. These are the twin elements that give this park so much personality. There is, of course, so much more. We don't just mean the huge populations of wildebeest, giraffes, hippos, buffaloes, baboons, vervet monkeys and zebras. Or the rugged landscape of rocky hills and rivers, swamps and savannah plains. You also have an excellent chance of seeing lions here – Tarangire is a real lion stronghold – and keep an eye out for leopards and cheetahs as well.
